If you are a budget-minded shopper and looking for an affordable dryer, our "Best Electric Dryer under \$600" article is especially for you. We've gathered a list of dependable dryers that are big enough to accommodate a medium-sized family and cost less than \$600.

Whether you're in a big city, suburbs, or small town, electric dryers are a great way to save energy and money. They aren't just for apartment dwellers, either—if you have a large family or have problems with drying clothes outside, a dryer is a great investment. However, finding the right electric dryer for your family can be a challenge. There are tons of brands and models out there, and you want to make sure you're getting the right size and features for your needs, whether you're looking for a small, space-saving unit or a large and high-capacity dryer.

See the best electric dryers under \$600 review. The dryers are among the best that we tested, none of them gave us any problems with our laundry. It's not just the most powerful, quietest, and most efficient dryer.

When you're ready to buy, we'll be here to help you pick the right one. [Click here to see our buying guide.](#)

Product Overview:

Humid weather and bacteria in clothes are both annoying things. This dryer will help you to get rid of this situation. **Ostway 1700W** compact electric tumble laundry dryer can be your most helpful machine for drying and disinfecting your valuable garments.

This compact laundry dryer uses a large-diameter stainless steel tumble. This portable laundry dryer's forward and reverse tumble operation is paired with an inner s-shaped system for fast rotation and tangling prevention. At a moderate temperature, this efficiently prevents wrinkles and restores soft, cozy fabrics. The **Ostway** electric clothes dryer has a 3.22 cubic foot capacity and can dry up to 13.2 pounds of garments. It fully satisfies the drying needs of almost the entire family.

The control panel is straightforward to manage. Its viewing window helps you to see the drying process in real-time and stop it anytime you want.

This model is ideal for your small apartment, and you can easily place it on a wall mount, firm horizontal floors, or rack-mounted.

You can easily clean its four-layer intake & exhaust filter. It's a low noise dryer, and the automatic shut-off feature lets you sleep or go outside while drying.

Top Features:

- Stainless steel tumble frame
- It has a Two-way rotation and crease guard.
- Powerful motor unit (120v/60Hz) and PTC heat element
- Widespread 3.22 cu ft capacity and can dry 13.2 pounds of clothing.
- Observation window
- It produces less noise, about 58-62 dB
- Power-off protection feature
- Weight is 60.6lbs

What we like:

- Suitable dryer for small living spaces
- The powerful motor dries clothes quickly, saving time
- It's easy to operate for everyone
- Flexible to fit anywhere
- Its automatic shut off is an energy-saving feature, and it allows you to nap or walk outside
- When opening the door, the power is automatically turned off to secure the user.

What we don't like:

- Too small
- Sometimes it makes loud noises
